

JSC “Belshina” proudly presents:

24.00R35 model Bel-122

Modern tubeless, all-steel radial tyre 24.00R35 model Bel–122 with rock E-4 tread pattern is designed to be mounted on mine dumpers which can be used at outside temperatures ranging from -55° till +45° degrees Celsius.

Steel-cord carcass implemented in this tyre provides greater carrying load, longer tyre life especially if run on rough mine roads. It also considerably reduces tire rolling losses and ultimately vehicle fuel consumption.

TECHNICAL SPECIFICATIONS:

Tyre size dimensions	24.00R35
Model of tyre	Bel-122
Tyre type:	TL
Tread pattern	ROCK E-4
Rim	17.00-35/3.0
Overall diameter, mm	2175
Section width, mm	653
Load-static radius, mm	975
Maximum load, kg	19050
Load index	210
Inflation pressure, MPa	0,7
Maximum speed, km/h	50
Speed index	B

Guaranteed performance – 3500 hours, depending on exploitation conditions. Expected TKPH value – 388.
